

Dear all,

I remember very well our visit in your beautiful church Calvary by the Sea on 20th September. This visit was very nice and very impressive not only for me, but also for all our group. Your beautiful bay and ocean front surrounded by your church helped us to be open for new ways how to seek new Christian belief and understanding. Thank you once more for your nice hospitality and welcoming.

I write you in the name of all our group coming back from Oahu to Slovakia. We will remember for very long time our stay at your church and spiritual atmosphere overwhelming us. It was something new for us and very inspiring.

Thank you and with regards
Jana Gašparíková
