

Explore creative movement dance activities and develop motor skills. *It's a lot of fun!*

Each Calvary By The Sea Lutheran Church **Smarty Dance** class includes the BrainDance as a warm up to prepare the brain and body for learning. This is followed by an exploration of a movement concept, building of skills, creative exploration and cool down with reflection. Exploration and play are very important for developing creativity, understanding diversity, and building the ability to find a variety of solutions to a problem. Exploring the dance concepts, manipulating props and instruments, playing and laughing with peers are very important ways that we learn.
